   A. The Vice President reported that once we take the remainder of the photos, please send them to him. Splatter Party is on Thursday and he needs us on the SUB Patio at 7pm. Pre-Sale tickets started today and goes until the day of the event. Pre-Sale is $3 and at the door is $5.
   B. The Assembly Speaker reported that 31 applicants applied for Assembly and the application is now closed. Next Wednesday, is our first quad day from 12-2pm for our dance video. Her choices for songs are “Shut and Dance with Me”, “In the Summertime”, “Sugar”, “All the Way”.
   C. The Secretary of Academic Affairs had her first SAAB meeting yesterday with her 6 members. For question of the month, she is looking to have as many ASBSU members there as possible and sending out a google doc for volunteers. Expense requests for Golden Apple have been submitted for her event on February 29th. She wants to have professors implement an official mid-semester grade check for all students, but currently is unsure of who to contact and is looking for feedback.
   D. The Secretary of Student Organization Affairs reported that we are 25% of the way through the direct grant budget. Sam is finishing up the website and projects that it will be done by the 15th of September.
   E. The Secretary of External Affairs reported block party is this week and she is putting together a volunteer sheet. Hopefully by National Voter Registration Day, the TurboVote Contract will be approved and that she will be able to advertise for it and start having students sign up. For her committee, she currently has 6 applicants and the application closes Friday.
   F. The Chief of Staff reported of the original $50,000 allocated for Joint Club Grants, we have $38,905.50 remaining. For individual grants, of the original $15,000 we have $13,800 remaining. As for Direct Grants, of the original $225,000, we have a remaining balance of $168,223.
   G. The Ethics Officer will be attending assembly so that she can form a committee to get together people to help align the new code.
H. The President recommended speaking with the Women’s Center to have them visit an Assembly Meeting. He is trying to set-up bi-weekly meetings with everyone so he can get into more specific details for what is going on. As for the student ticket issues there was a miscommunication between Ticketmaster, athletics, and the office. However, ticket sales were only open for a few seconds and only about 200 tickets were given out and 4,000 remain still to go on sale tomorrow at 8AM. All of the offices across campus were very helpful with dealing with this situation. Student Media is looking forward to meeting with Nick and himself to improve the website. He is working on a 5 year strategic planning for ASBSU and looking to form a committee. Himself, Nick, and Charlie Varland are working to find a way to align the code and the constitution and will be meeting on Fridays.
